Bloodmane Gameplay Concept Document

1. Game Overview

Title: Bloodmane: Rise of the Lagbara Jagun
Genre: Action RPG
Platform: PC, Mobile, and Console
Theme: West African-inspired fantasy with strong narrative and dynamic combat.

In Bloodmane, players embody Kurugha, a warrior who must defend the kingdom of Benni from a rising threat.
With his trusted beast companion, Dreamá, Kurugha faces hordes of enemies, confronts powerful bosses, and navigates difficult choices to save his homeland.

2. Core Gameplay Mechanics

Combat System

- [x] Unarmed Combat: Agile attacks with powerful finishers.
- [x] Armed Combat: Master various weapons, starting with the Bone Cleaver.
- [x] Mounted Combat: Kurugha rides Dreamá for fast-paced traversal and tactical attacks.

Traversal System

- [x] Ride Dreamá through landscapes, scaling obstacles and traversing jungle paths.
- [x] Exploration includes climbing walls, swinging over gaps, and discovering hidden areas.

Quick-Time Events (QTEs)

- [x] Interactive sequences like gate unlocking, puzzle-solving, and finisher moves.

3. Narrative & Progression

Chapter Structure

- Chapter 1: Introduction in Benni and the Colosseum tutorial.

- Chapter 2: South Wall Defense and Blood Ape Berserker boss fight.
- Chapter 3: Open-world exploration begins, with side quests, NPC interactions, and the discovery of Kurugha's cursed blade.

Decision-Based Progression

Players can:
- Follow the main campaign to advance the story.
- Pursue side missions to unlock powerful gear and NPC alliances.
- Hunt down the Wild Clan Chieftains to weaken enemy forces.

4. Blockchain Integration (Optional)

☑ Limited NFT-based cosmetics: Exclusive skins, weapon variants, and mounts.

☑ Blockchain marketplace for players to buy, sell, and trade unique collectibles.

5. Character Progression

☑ Kurugha levels up by gaining Experience Points (XP) from battles and quests.

☑ Unlockable skill trees for enhancing combat techniques, riding abilities, and weapon mastery.

☑ Unique armor sets and weapon upgrades tied to exploration and side missions.

6. Enemy Design

- Blood Apes: Aggressive foot soldiers with crude armor.
- Blood Priests: Sorcerers that manipulate enemy hordes.
- Blood Ape Berserker (Boss): Introduced in Chapter 2 as a high-difficulty encounter.

7. World Design

The world of Bloodmane is segmented into:
- Benni City – Cultural hub and training grounds.
- Port-Wajie – Coastal city with sailors and naval trade themes.
- The Dog of Ash Territory – Mountainous terrain with samurai-inspired warriors.

- The Sweeping Sands – Harsh desert region where Kurugha confronts his inner demon.

8. MVP Scope

To create an MVP with a $500K budget, we will focus on:

☑ Colosseum Tutorial – Introduces core movement and combat mechanics.

☑ South Wall Defense Mission – Showcases dynamic battles and exploration.

☑ Blood Ape Berserker Boss Battle – A thrilling challenge to engage players.

9. Visual & Audio Design

🎨 Visual Style: Inspired by African architecture, textiles, and natural landscapes.

🎵 Sound Design: Drum-heavy battle music, cultural chants, and immersive environmental sounds.

10. Post-MVP Expansion Plan

SMARTSKEP
